OPTIONAL CLASS DESCRIPTIONS

Note: Unless otherwise indicated, all levels are welcome and no sign up is required. Just show up!

Individual Classes

African inspired movement + Balboa - Bobby & Chisomo: What happens when you explore African inspired movements and Balboa? Come and find out in this class.

Al Minns & Leon James Shim Sham - Alain: A twist on the original and a classic jazz routine that every Lindy Hopper should know.

Bal for everyone - Bobby & Chisomo: We will explore the true multicultural roots of Balboa and fundamental movements to get you doing Bal on the social floor.

Carolina Shag inspired Lindy Hop - Grace & Scott: Get inspiration from Carolina Shag for footwork and movement when the music gets groovier.

Feel it in your Soul - Anthony & Irina: Prepare yourself for those amazing soul nights (and our SONH Happy Hour) and learn to groove and swing with your partner.

Find Your Style - Dan: Unique, individual expression is an important part of jazz dances. Through teamwork, let's look deeper at our personal choices and preferences to figure out how to we can develop a look and feel that's all our own.

Playful Partnership - Grace & Laurel: Join this talented duo and explore fun ways to improve your partnership.

Slow Balboa - Grace & Scott: Learn new ways to move to slow music with Slow Balboa, a graceful, relaxed dance primarily in closed embrace.

Slow Jazzy Blues - Alcina & Dan: Improve your ability to move to slow tempos! We'll bring technique and vocabulary from Blues to create expressive dances to downtempo jazz.

Solo African Movement - Chisomo & Dee: An exploration of solo movement in consideration of jazz, hip hop, and Afrodance. Be ready to reflect on new ways of moving.

Stealin' that Spotlight - Anthony & Irina: Learn some fun ways to steal in a jam, and develop that Jedi sense to make the most of the flow of your partnership.

Using Videos for Learning & Creating - Dee & Felix: Explore how to use videos to enhance your dancing by learning and building from historical movements

Variety in Jazz Music - Dan: This DJ focused class will help you be more agile in your sets by highlighting the different styles and eras that we might hear at a swing dance. We'll then explore how we can use those ideas to drive the party.

Recurring Classes or Tracks

These are series of classes on a related topic. Except for the solo jazz routine, they are not cumulative and you can attend some of a series without attending all of it. Please be respectful of the levels indicated on the schedule.

Solo Jazz Routine - Marie: These daily solo jazz classes will be progressive, combining into a routine to be performed at the end of camp. Classes will be taught at an intermediate plus level - expect to be challenged with solo jazz awesomeness.

Tap Series

- **Beginner Tap - Marie:** For dancers with no tap experience, or seasoned pros who want to work on their foundations, come build your basics and focus on rhythm in your feet. No tap shoes required.
- **Intermediate Tap - Scott Lucchini:** Come learn a classic tap routine: Eddie Brown's B.S. Chorus. Two choruses choreographed by Eddie Brown in the 80s, this routine contains his unique "scientific rhythm" style.
- **Advanced Tap - Scott Lucchini:** "One step at a time" isn't so easy when you're working on flash steps. We'll work through a few tricky ones from the old timers.
- **Tap Jam - Marie:** Come strut your stuff and learn to improvise as a group. All levels welcome.

Teacher's Track - Sylwia: This four class mini-track will help you assess your own skills as a dance teacher and help you find more effective ways to teach. Classes will not be progressive, and are designed for all levels of teachers - whether you're interested in teaching, just starting out, or a seasoned pro. Thursday's class will be a special 101 class particularly geared for new/interested teachers!

Yoga - Hali Kremen-Hallowell: Stretch, strengthen, relax, and learn to take care of your body. Bring a towel or blanket for the floor.

PURPLE LILACS LYRICS

**I wanna wake up in the morning
Where the purple lilacs grow
Where the sun comes a-peepin'
Into where I'm a-sleepin'
And the song bird says, "Hello" (Hello!)**

**I wanna wander through the wildwoods
Where the fragrant breezes blow
And drift back (Who!)
To New Hampshire (Who!)
Where the purple lilacs grow.**

EXTRACURRICULAR ACTIVITIES

Cabaret: One of our annual traditions, it's a chance for campers and staff to show off an amazing talent (other than swing dancing, of course). We highly encourage campers - especially first-timers - to get together, create, and perform!

Campfire Sing-Along: Campfire, nostalgic tunes, the woods, friends - come join us off the beaten path for a musical trip down memory lane. Bring your instruments and jam along!

Dance Card Social: Thursday night, we continue the tradition of our dance card social. Cut a rug with as many people from as many tracks as possible. Meet new friends and dance the night away.

Happy Hour: Grab a drink on us and meet some of your fellow campers in a relaxed, social setting. Wine, beer, and non-alcoholic drinks will be available. Two drink maximum per person. Please bring ID with you as we are required to card everyone.

Hiking: Join Camp Wicosuta staff on the nature trails and explore the beautiful surroundings of Swing Out New Hampshire.

Jazz Jams: Musicians will lead musical jams of all your favorite jazz classics. Bring your instruments and create some music with your fellow campers in the Gazebo near the Tennis Courts.

Pool/Lake: Need some time to chill out? Take a dip in the pool or head off to the lake and enjoy the end of summer camp vibe. Schedules for the pool and lake can be found above and will also be posted. Please only swim when a lifeguard is on duty.

Rope Swing: Feel the wind through your hair as you fly through the trees. A camp favorite returns again this year.

Stargazing: On clear nights, join Wesley to see the marvels of the skies. Location and times will be announced depending on weather conditions.

Tennis Courts: Grab a racquet and hit some balls with a friend. Bring your own equipment from home if you've got it.

MUSIC - THE BANDS

GORDON WEBSTER is back again at Swing Out New Hampshire this year. Gordon is one of the hottest jazz pianists around, and has become a favorite with swing dancers across the country and around the world. He's rocked the house at SONH for many years, and we are delighted to welcome him back again this summer!

On Thursday and Friday, we will feature **GORDON WEBSTER AND THE FLOWER CITY FIVE** (with special guest vocalist Gretta Cavatassi). For the last two nights of camp, **THE GORDON WEBSTER BAND** (featuring Hannah Gill) will keep us dancing well into the night.
